2) The Mother Superior, St Martha's Hosp reports that the interior roads in the compound are in a very bad & unhygienic condition & as such ~~req~~ requests that they may be set right at Govt cost, the Munc having refused to do so, as they are not Munc roads. In case Govt also do cannot do this as they are not Govt roads, She requests that at least 15 barrels of tar may be supplied free of cost

3) The roads do not belong to Govt & are not maint by Govt It is not understood why Govt should bear the cost or in lieu of it supply 15 barrels of tar

C E & A B thinks that if this is to be treated as a special case may be debited to "Civil Works, Buildings" of this year so Govt if once treated as a special case, it would become a permanent charge

Minister for Education

"Rosemont" Chamrajpet
Bangalore

Dear Dr Royen

The Roads on our premises are in a most deplorable condition It is about ten years since they have been tarred Owing to their broken-up condition they are not only unsuitble for walking but prove actually a danger to the patients and the Hospital activities as the wind carries thick layers of dust into the wards the surgeries sterilizing and dressing rooms etc , which is most unhygienic owing to the germs they it likely contains

As a Doctor of no mean merit and experience no one better than yourself can adequately realize how harmful such an unsatisfactory road-condition can be and as a Minister of Public Health your goodself is about he only person who can move F H s Government to get the roads repaired and tarred or defray the cost of it

I therefore venture to request you to approach the Government on our behalf Should they however refuse to comply with our humble request could you at least obt in for us 15 barrels of good TAR We should be most grateful for this favour as it is really imperative that the roads should be repaired and retarred and our finances are not too brilliant to undertake the cost

Thanking you

yours sincerely
